Doyle Announces GreatRebate for SenDEC Corporation *Equipment Purchase Will Help Perinton Manufacturer Create 5 new Jobs*

County Executive Jack Doyle today announced that Monroe County has approved a GreatRebate incentive for SenDEC Corporation in Perinton. The GreatRebate will assist SenDEC in the purchase of a Real Time X-Ray machine, which will help the company expand its operations and create a projected 5 new jobs over the next two years.

Under the GreatRebate program, applicants can qualify for a \$4,000 rebate for equipment purchases exceeding \$50,000 if they increase jobs by ten percent over two years. The rebate will be paid at the end of the two-year period, once the required jobs have been created.

SenDEC provides high quality contract manufacturing and electronic engineering services and presently employs 53 people at its Perinton Industrial Estates facility.
